PROFESSIONAL SUMMARY

Dynamic Frontend Developer with expertise in building responsive, high-performance web applications using React.js, Tailwind CSS, and Three.js. Strong foundation in translating Figma designs into interactive user interfaces and consuming RESTful APIs. Passionate about delivering real-world solutions, creating immersive 3D web experiences, and writing clean, scalable code.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Frameworks & Libraries:** React.js, Tailwind CSS, Three.js, Framer Motion
- **Tools & Technologies:** Git, GitHub, RESTful APIs (Axios), Figma, Vite

WORK EXPERIENCE

Full Stack Web Development Intern | EduEngine Technologies Pvt. Ltd., Sikar *Sep 2025 – May 2026*

- Engineered responsive web applications utilizing HTML, CSS, Tailwind CSS, and JavaScript, directly enhancing functionality for improved user experience.
- Collaborated on UI/UX enhancements and integrated modern frontend features to ensure cross-browser compatibility and mobile responsiveness.

Frontend Developer Trainee | Webrain Tech, Sikar *Jul 2025 – Sep 2025*

- Managed large-scale web projects with 9 hours of daily professional coding experience, focusing on scalable frontend architectures.
- Assisted in debugging and optimizing codebase, significantly reducing visual glitches and load times.

KEY PROJECTS

Builders of Tomorrow (BoT) Growth Summit 2026 (*React.js, Tailwind CSS*)

- Developed the official live event landing page for a major summit in Jaipur, handling high-stakes UI requirements.
- Engineered a dynamic ticket booking component and an interactive floor plan mapping system, demonstrating production-level coding capabilities.

Immersive 3D Personal Portfolio (lokeshsharma.me) (*React.js, Three.js, Framer Motion*)

- Designed and deployed a highly interactive 3D portfolio from scratch using Three.js and Vite, achieving a premium "neon-dark" aesthetic.
- Implemented advanced scroll animations, lazy loading for 3D elements, and robust SEO practices (Canonical links, Open Graph tags).

Dynamic Image Gallery (*React.js, Axios, REST APIs*)

- Built a fully functional image gallery application that asynchronously fetches and displays real-time data using the Lorem Picsum API.
- Demonstrated strong API handling, state management, and error handling in a modern React environment.

Modern UI Clones ([Swiggy](#) & [Netflix](#)) (*HTML, Tailwind CSS, JavaScript*)

- Developed pixel-perfect front-end clones focusing on complex layout structures, real-time cart UI logic, and responsive mobile-first design.

EDUCATION

Bachelor of Computer Applications (BCA) Sobhasaria Engineering College, Sikar | 2023 – 2026
